A Message from The Panther Pulse

Hello Panthers,

We made it through 2020, a year of adversity and intense changes around the school, around our county, around our country and around the world. Despite this, we have made it through and are now in a new year: 2021.

There are endless possibilities for this new year and we hope everyone chooses to make a positive impact, in their own lives, in the lives of those around them, and out in the world. We can do anything we set our minds to, as shown by how millions of people around the world came together to support each other in 2020.

Congratulations to all of those students who successfully navigated the waters last year and made it on to the honor roll! We hope to see even more names on that long list next year.

TEACHERS OUT OF FIELD

Jan. 27, 2021

Lecanto High School is very proud that all teachers and administrators who work with our students are certified by the State of Florida or other governing boards. We appreciate the following teachers who have volunteered to teach a subject outside of their primary certification for semester two and are currently taking classes to obtain certification in the area they are teaching out-of-field or the District is waiting on a Pending Certification from the State of Florida. Each of these teachers have both experience and coursework in the area they are teaching. We appreciate their efforts to support the academic needs of our students.

On behalf of the LHS administrative team – thank you.
