

# Connecting an iPad to home WiFi

1. Go to settings on connect to your WiFi network.
2. Open Safari
3. Open a new Tab
4. Type a simple url or (if available) tap the Apple icon  
(try something like [www.math.com](http://www.math.com))
5. The iBoss login screen should appear  
If it does not appear automatically, type the following address into your browser: <https://iboss.citrussschools.org/mobileLogin>

You should get a page that looks like this:

**Mobile Login**

Username:

Password:

Server:

Login

Powered By:  
**iBoss**  
Enterprise 14500

© www.iBossWebFilters.com

6. Type in your network login:  
Username: Last name, First initial, and last three of your student ID number.  
Password: Capital **S**, lower case **t**, and your full student ID number.  
Example: JohnsonM567  
St1234567
7. Book mark this page, you will have to use it when switching wireless connections.
